JUST A CROWN

# RABICANO STALLION

ANGLO EUROPEAN STUDBOOK  
LICENCED STALLION

16.1hh KWPN 43.16% Born 2015

Welcome to the 2022 stud card for Koning Albert of Koning Sport Horses. Koning Albert is an eye-catching Licenced rare black rabicano stallion who is outstandingly calm, gentle and talented. He is showing great promise for the future.

Koning Albert has been produced and competed entirely by a young girl, with

occasional lessons from her trainers. He is competing at 1m20 now, and placed in unaffiliated eventing with double clears, doing a very tidy dressage round. He scored 9s at his grading for movement and Jumping with high overall marks.

He is a very calm stallion with a relaxed, kind and affectionate temperament, he is the perfect gentleman amongst other horses.

In only our second year of offering Koning Albert at stud, we are proud of what he has achieved at such a young age with such a young rider producing him.

With his first foals due on the ground this year, including to our own Zangersheide mare, we are very excited here for what the future brings.

Based in the beautiful Lincolnshire Wolds for over 20 years, we are a small family business where care of

our horses, their training and our friendliness are key to our existence.

We work closely with Equine Reproductive Services (UK) Ltd for equine reproduction, Future Sport Horses Stud where Koning Albert collects for fresh and chilled semen and Stallion AI, who have frozen semen for Koning Albert.

# OLYMPIC PEDIGREE

AVAILABLE VIA AI FOR CHILLED,  
FRESH AND FROZEN SEMEN

## Koning Albert has an impressive showjumping pedigree

Koning Albert is by the successful KWPN sire Freeman VDL, who as a 3 year old was KWPN show Champion and had great success.

His sire Emmerton VDL Elite stallion was highly successful as a showjumper at 1m60, passing on his great nature.

His grandsire on his dams side, Chin Chin won numerous Top Competitions and was placed at two Olympic Games and the finals of two World Cups.

Corland, on Alberts Dams side was placed in many Grands Prix. He was also 2nd in The Sires of the World in Lanaken and had numerous top results.

The preferent stallion, Concorde was the sire with the most offspring at the World Breeding Championships for young horses and many have proved themselves at the very top at Grand Prix level (1.60 m.) and World Cup jumping. Concorde was the youngest stallion ever to be awarded preferent, due to his endless list of national and international children. Concorde was elected "Horse of the Year" in 2004 and is the highest ranked KWPN stallion in the top ten of the WBFSH. Both he and Ramiro Z on the

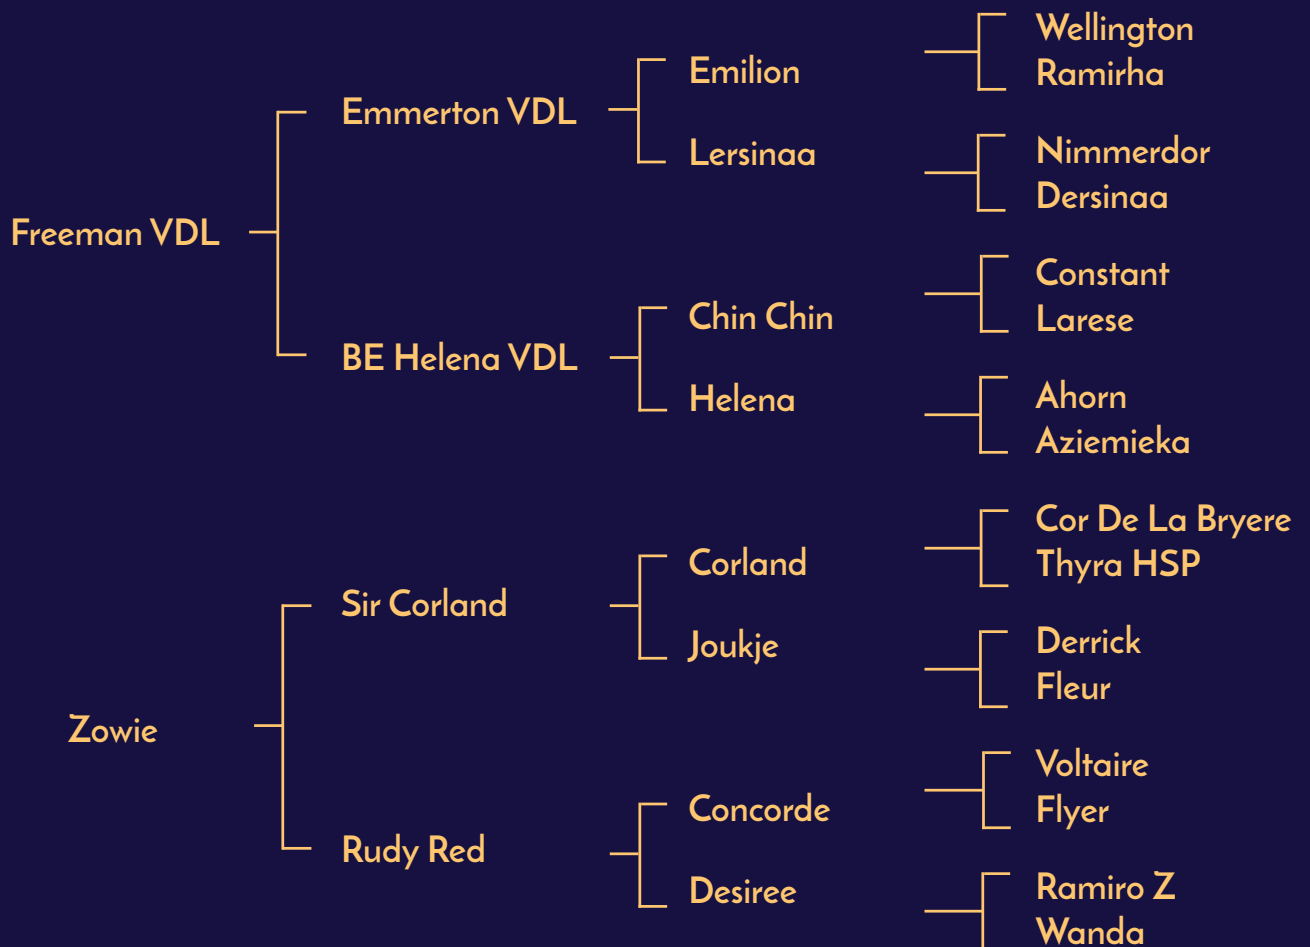

dam side have produced hundreds of 4\* Dressage horses, 3\* Event horses and 1m60 Showjumpers between them. Koning Alberts dam, Zowie, a Keur EPTM graded mare jumped at 1m20 is also from a line of Keur and Preferent graded jumping mares all with fabulous temperaments and ability.

Koning Albert is aa, Ee, W20/W20, nd2/ nd2, PSSM1 Neg. EVA, EIA, CEM & WFFS Neg

Koning Albert is a very elegant horse, with a beautiful head, kind eye and exceptional temperament. He has an excellent technique over his fences, is careful and light on his feet. He is proving very versatile, showing unphased attitude and great ability in cross country and show jumping. He offers mare owners quality in type and has exceptional fertility from both frozen and chilled.

**KONING ALBERT HAS AN IMPRESSIVE SHOWJUMPING PEDIGREE**
