FRESH/CHILLED  
AND £500  
FROZEN NFFR

164CM | 2015 | BLACK RABICANO | KWPN  
AES & BREEDERS ELITE SEIS LIFE APPROVED | WFFS NEGATIVE

Welcome to the 2024 stud card for Koning Albert of Koning Sport Horses.

A Black Rabicano stallion renowned for his calm gentle nature, stunning looks, trainability and talent which he is passing on.

Koning Albert has exceeded everyone's expectations in not only his own achievements but also in the foals that he is producing. He has the most wonderful nature and is producing exquisite types to all mares, and the foals all have his gorgeous head and conformation.

Koning Albert is currently competing at 1.30m BS with great success as he is careful and light on his feet. He is finding the height easy which is understandable with his pedigree being littered with 1.60m horses on both sides.

He has only been doing dressage a year but is already a multiple winner in National BD classes including Novice Freestyle and U25's and he came 4th at the Regionals this year.

He has done a few Unaffiliated ODE's for fun, gaining DC's at 90cm and 1m. He scored highly at both the AES Grading and the Breeders Elite Grading, gaining Life Approved status in both. Several of his foals are doing well showing in hand, with his son Koning Jesko gaining High Silver Premium at his grading.

...a very calm stallion with a relaxed, kind and affectionate temperament...  
the perfect gentleman amongst other horses.

Koning Albert has produced some very correct foals already, all of whom have inherited his disposition, and his stunning features, with many more due in 2024.

Based in the beautiful Lincolnshire Wolds for over 24 years, we are a small family business where care of our horses, their training and our friendliness are key to our existence.

We work closely with Future Sport Horses Stud where Koning Albert collects for fresh and chilled semen and Stallion AI, who have frozen semen for Koning Albert.

# OLYMPIC PEDIGREE

AVAILABLE VIA AI  
FOR CHILLED,  
FRESH AND  
FROZEN SEMEN

Koning Albert is by the successful KWPN sire Freeman VDL, who as a 3 year old was KWPN show Champion and had great success.

His sire Emmerton VDL Elite stallion was highly successful as a showjumper at 1m60, passing on his great nature.

His grandsire on his dams side, Chin Chin won numerous Top Competitions and was placed at two Olympic Games and the finals of two World Cups.

Corland, on Alberts Dams side was placed in many Grands Prix. He was also 2nd in The Sires of the World in Lanaken and had numerous top results.

Koning Albert is gene tested aa,Ee,W20/W20, nd2/nd2, PSSM1 Neg. Eva, EIA, CEM & WFFS Neg. He is 43.16% blood.

AN IMPRESSIVE SHOWJUMPING  
PEDIGREE...

The preferent stallion, Concorde was the sire with the most offspring at the World Breeding Championships for young horses and many have proved themselves at the very top at Grand Prix level (1.60 m.) and World Cup jumping. Concorde was the youngest stallion ever to be awarded preferent, due to his endless list of national and international children. Concorde was elected "Horse of the Year" in 2004 and is the highest ranked KWPN stallion in the top ten of the WBFSH. Both he and Ramiro Z on the dam side have produced hundreds of 4\* Dressage horses, 3\* Event horses and 1m60 Showjumpers between them. Koning Alberts dam, Zowie, a Keur EPTM graded mare jumped at 1m20 is also from a line of Keur and Preferent graded jumping mares all with fabulous temperaments and ability.

## PROGENY

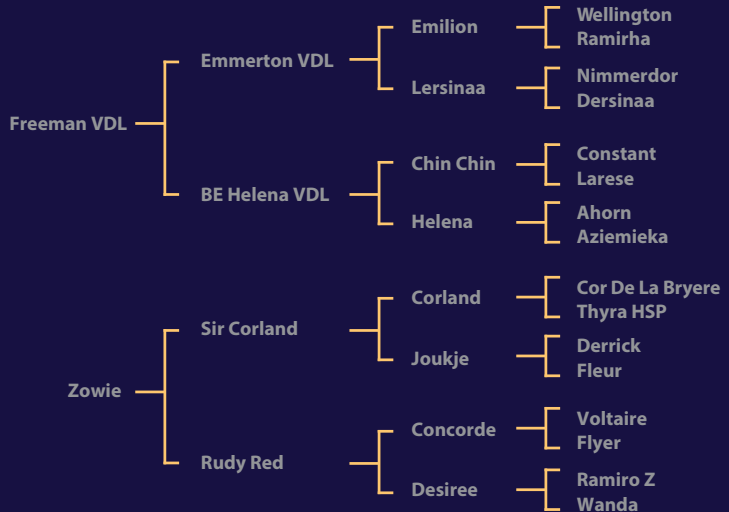

- First foals born 2022 and are looking very promising with very correct conformation.
- The 2023 foals are all super shapes, lovely calm inquisitive temperaments and we are very excited about them going forward.
- Albert has excellent fertility rates and stamps his stock well with his temperament and stunning looks.

Koning Albert is a very elegant horse, with a beautiful head, kind eye and exceptional temperament. He has an excellent technique over his fences, is careful and light on his feet.

He is proving very versatile, showing unphased attitude and great ability in cross country, showjumping and dressage. He offers mare owners quality in type and has exceptional fertility from both frozen and chilled.

TRULY VERSATILE, SHOWING  
UNPHASED ATTITUDE,  
GREAT ABILITY AND TECHNIQUE
